

# Study Programme

Academic year 2022-2023

Programme jointly offered by Ghent University, Norwegian University of Science and Technology, Wageningen University, Autonomous University of Barcelona, University of Barcelona

International Master of Science in Health Management in Aquaculture

Language of instruction: English

#### Programme version 1

1	Genera	General Courses				
Nr	Course		CRDT Ref	MT1	Session	Study
1	1002854	Principles of Marine Fish Larviculture  Gilbert Van Stappen Department of Animal Sciences and Aquatic Ecology	3	1	A:1	90
2	1002796	Diseases in Aquaculture Peter Bossier Department of Animal Sciences and Aquatic Ecology	6	1	A:1	180
3	1002084	Viral Disease Management Hans Nauwynck Department of Translational Physiology, Infectiology and Public Health	3	1	A:1	90
4	1002797	Fish and Shellfish Immunology Daisy Vanrompay Department of Animal Sciences and Aquatic Ecology	4	1	A:1	120
5	1002086	Aquatic Microbial Community Management Peter Bossier Department of Animal Sciences and Aquatic Ecology	3	1	A:1	75
6	1002795	Aquaculture Genetics Peter Bossier Department of Animal Sciences and Aquatic Ecology	6	1	A:1	180
7	1002756	Applied Statistics Aisling Daly Department of Data Analysis and Mathematical Modelling	5	1	A:1	150

2 General Courses 60 credits

Subscribe to 1 elective learning track from the following list. Subject to approval by the faculty. Learning tracks:

- Ecosystems and Health
- Disease Prevention Management and Health
- Physiology and Health

The chosen learning track determines the mobility path.

Depending on the mobility path chosen, students will additionally enrol at the host university per semester or per academic year they take part of the programme taught by this university.

#### 2.1 Ecosystems and Health

60 credits

Students taking the learning track Ecosystems & Health additionally enrol at NTNU in both the second and third semester of the study programme. They reside in Trondheim, Norway throughout the second and third semester.

All course units in this module are mandatory.

30 ECTS are taken up in the first year master (MT1 = 1); 22,5 ECTS in the second year master (MT1 = 2).

Nr Course		CRDT Re	ef MT1	Session	Study
1 1002858	Fish Welfare and Health Norwegian University of Science and Technology, Rolf Erik Olsen	7.5	1	A:2	200
2 1002859	Recirculating Aquaculture Systems RAS  Norwegian University of Science and Technology, Kari Johanne Kihle Attramadal	7.5	1	A:2	200
3 1002860	Expert in Teams  Norwegian University of Science and Technology, Ingeborg Hollekim Bringslid	7.5	1	A:2	200
4 1002861	Marine Juvenile Production  Norwegian University of Science and Technology, Elin Kjørsvik	7.5	1	A:2	200
5 1002862	Aquaculture in the Ecosystem  Norwegian University of Science and Technology, Kjell Inge Reitan	7.5	2	A:1	200

09-05-2025 21:17 p 1

6	1002865	AquaHealth Club  Norwegian University of Science and Technology, Yngvar Olsen	7.5	2	A:1	200
7	1002866	Internship Project Norwegian University of Science and Technology, Yngvar Olsen	7.5	2	A:1	200

2.1.1 Elective Courses 7.5 credits

Subscribe to 7,5 credit units from the following list in the second year master (MT1 = 2). Subject to approval by the faculty.

N	Course		CRDT	Ref MT1	Session	Study
1	1002863	Laboratory Animal Science for Researchers Norwegian University of Science and Technology, Siv Eggen	7.5	2	A:1	200
2	1002864	Environmental Assessment Methods and Quality of Coastal Water Norwegian University of Science and Technology, Yngvar Olsen	7.5	2	A:1	200

#### 2.2 Disease Prevention Management and Health

60 credits

Students taking the learning track Disease Prevention Management & Health additionally enrol at WU in the second semester and at NTNU in the third semester of the study programme. During the second semester they reside in Wageningen, The Netherlands, in the third semester in Trondheim, Norway.

All course units in this module are mandatory.

24 ECTS are taken up in the first year master (MT1 = 1); 30 ECTS in the second year master (MT1 = 2).

Nr	Course		CRDT R	tef MT1	Session	Study
1	1002868	Nutrition and Health in Aquaculture Wageningen University, Johan W Schrama	6	1	A:2	168
2	1002869	Frontiers in Animal Health Wageningen University, Maria Fortenza	6	1	A:2	168
3	1002870	Academic Consultancy Training and MOS Modules Wageningen University, Susan Sande Okoth	12	1	A:2	336
4	1002867	Internship Comprehensive Project Norwegian University of Science and Technology, Yngvar Olsen	22.5	2	A:1	600
5	1002865	AquaHealth Club Norwegian University of Science and Technology, Yngvar Olsen	7.5	2	A:1	200

2.2.1 Elective Courses 6 credits

Subscribe to no less than 6 and no more than 9 credit units from the following list in the first year master (MT1 = 1). Subject to approval by the faculty.

Students that need to take the course 'Laboratory Animal Science: Design and Ethics in Animal Experiments' in order to be allowed to handle laboratory animals in the framework of the thesis at WU will subscribe to 9 credit units and accumulate 33 credit units in semester 2 and hence 123 credit units in the complete curriculum.

Nr	Course		CRDT	Ref MT1	Session	Study
1	1002871	Sustainability in Fish and Seafood Production Wageningen University, Geertje LH Schlaman	6	1	A:2	168
2	1002872	Water Quality Wageningen University, Jeroen JM de Klein	6	1	A:2	168
3	1002873	Laboratory Animal Science: Design and Ethics in Animal Experiments Wageningen University, Bas JM Arts	3	1	A:2	84
4	1002874	Short Research Projects in Biology Wageningen University, Leo AJ Nagelkerke	6	1	A:2	168

#### 2.3 Physiology and Health

60 credits

Students taking the learning track Physiology & Health additionally enrol at UAB as well as at NTNU in both the second and third semester of the study programme. In both semesters, students take part of the study programme at each of both universities. They reside in Barcelona, Spain throughout the second and third semester, where they take the specialised courses and the electives, whereas the internship is supervised remotely by NTNU and the AquaHealth Club is taught by NTNU through distance learning.

All course units in this module are mandatory.

Nr	Course		CRDT Ref	MT1	Session	Study
1	1002875	Fish Laboratory Course Universitat de Barcelona, Joaquim Gutiérrez Fruitos University of Barcelona	2	1	A:2	50
2	1002876	Fish Health Laboratory Course Universitat Autónoma de Barcelona, Nerea Roher Armentia Autonomous University of Barcelona	2	1	A:2	50
3	1002877	Basic Marine Aquaculture Facility Management Universitat Politècnica de Catalunya • BarcelonaTech, Maria Lourdes Reig Puig	2	1	A:2	50
4	1002867	Internship Comprehensive Project Norwegian University of Science and Technology, Yngvar Olsen	22.5	1	B:2	600

09-05-2025 21:17 p 2

5	1002878	Production and Health Management in Aquaculture Facilities Universitat Politècnica de Catalunya • BarcelonaTech, Ingrid Masaló Llora	8	2	A:1	200
6	1002879	Stress, Pathology, Immune Response, and Environmental Health Universitat Autónoma de Barcelona, Maria Constenla Matalobos Autonomous University of Barcelo	8 ona	2	A:1	200
7	1002880	Physiology of Aquaculture Species Universitat de Barcelona, Isabel Navarro University of Barcelona	8	2	A:1	200
8	1002865	AquaHealth Club Norwegian University of Science and Technology, Yngyar Olsen	7.5	2	A:1	200

## 30 credits 30 States 1 States 2 States

The fourth semester of the study programme consists of the master's dissertation, which is taken at one of the full consortium partner universities. Students additionally enrol at that university.

Exception: For students having chosen the track Disease Prevention Management & Health, the master's dissertation must be taken under the supervision of WU.

During the fourth semester, students reside where the consortium partner university at which they take the master's dissertation, is located, or at the location of the associated university, research institution or NGO where they carry out the experimental work for the master's dissertation.

### Teaching

When a course is not taught (solely) in the programme's language of instruction, the effectively used languages are indicated in square brackets following the cours name, using the following ISO codes:

bg: Bulgarian de: German es: Spanish ja: Japanese pl: Polish sh: Kroatian/Serbian zh: Chinese

cs: Czech el: Greek fr: French nl: Dutch pt: Portuguese sl: Slovene da: Danish en: English it: Italian no: Norwegian ru: Russian sv: Swedish

#### Semester

Semesters are indicated by their number (1 or 2); semester 3 represents the summer period and J indicates a course spanning semesters 1 and 2. When a capital letter precedes a semester number, the course has multiple offerings. The letter indicates the offering concerned.

When a semester is shown in brackets, the course in not offered this year in the specific offering.

The offering frequency and first year of offering are indicated by the following codes:

a: bi-annually c: annually, from 2023-2024 f: annually, from 2024-2025 i: annually, from 2025-2026 b: tri-annually from 2023-2024 g: bi-annually, from 2024-2025 j: bi-annually, from 2025-2026 e: tri-annually, from 2023-2024 h: tri-annually, from 2024-2025 k: tri-annually, from 2025-2026
