Exchange Programme in Computer Science (master's level)

Language of instruction: English

Programme version 9

1 General Courses

The exchange programme contains a preferred list of English courses taught at UGent of the Master of Science in Computer Science. Most of the courses in the main programme are taught in Dutch, but many of these can be followed based on e.g. English course material and guidance. For courses taught in Dutch you should contact the lecturer of the course to check whether it can be followed.

Tips for completing your Learning Agreement:

- Please check the [departmental rules](#) for incoming students.
- A minimum number of 20 ECTS per semester (or 40 ECTS per year) should be chosen.
- Short or long term (up to 1 year) research projects can be chosen. Students should have an agreement with a promoter at the faculty of Sciences (UGent) prior to sending their learning agreement, and include the letter of acceptance with their application.

Semester

Semesters are indicated by their number (1 or 2); semester 3 represents the summer period and J indicates a course spanning semesters 1 and 2. When a capital letter precedes a semester number, the course has multiple offerings. The letter indicates the offering concerned.

When a semester is shown in brackets, the course is not offered this year in the specific offering.

The offering frequency and first year of offering are indicated by the following codes:

a: bi-annually	c: annually, from 2026-2027	f: annually, from 2027-2028	i: annually, from 2028-2029
