2 Elective Courses 24 credits

You can personalise your study programme by taking elective courses (24 ECTS-credits). Advanced electives (min. 15 ECTS-credits) will deepen your understanding of the themes and technologies of the CityLabs. Electives of free choice (max. 9 ECTS-credits) will deepen or broaden your knowledge, attitudes and skills in other subjects.

2.2 Free Electives

Subscribe to no more than 6 credit units from the following list.

For this part of the programme, you can choose freely (for max. 6 ECTS-credits) from the courses from other programmes at the University of Antwerp, Ghent University and/or KU Leuven. You motivate why this free elective is related to urban environmental challenges and/or applications. Your choice is subject to approval by the Study Progress Committee.

3 Work Placement 6 credits

The Internship is a mandatory course in the Master's programme. The internship can take place both in the first or in the second semester, depending of the availability of internship positions. In mutual agreement with the supervisors and the internship coordinator, the internship can also start in the summer holidays before the start of the internship year. The internship can take place abroad. The duration of the internship is (at least) 25 working days.
