Position of the course

This course aims to strengthen students' proficiency in English in an academic context. It offers an introduction into a number of essential academic communicative skills and it aims to expand their knowledge of grammar and vocabulary with a view to a wide range of academic needs. There is also a unit on 'applying for a job'.

Contents

The following three skills are central within an academic context:

- writing
- reading
- speaking

Also: structure, style, vocabulary (with a view to situating in the discipline, research questions, results, discussion and conclusions), idiomatic grammatical constructions, formulating research questions, and specific aspects like citing, paraphrasing and plagiarism. Students learn to use resources for academic English. There is also a unit on 'applying for a job'.

Initial competences

The students' level of English should correspond to that of the final objectives for pupils at the end of secondary school in Flanders (CEF: B1).

Final competences

- 1 The students can communicate effectively in English in an academic context (written and oral).
- 2 They have enhanced skills in reading and listening for academic English.
- 3 The students can communicate effectively in English when applying within their field of study (written and oral communication).
- 4 They are able to use tools to support their learning process in line with integrity (incl. responsible use of AI where relevant).

Conditions for credit contract

Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract
