

MASTER OF ARTS IN ADVANCED STUDIES IN LINGUISTICS (LINGUISTICS IN A COMPARATIVE PERSPECTIVE)

60 ECTS CREDITS - LANGUAGE: ENGLISH

WHAT

STRUCTURE

In the first term students choose five course units: two from the set of general course units and three specialisation course units. In the second term students mainly focus on their Master's dissertation which should be in their area of specialisation. They are also expected to take part in intensive course work and/or an apprenticeship in their area of specialisation.

Master's Dissertation

Completing the Master's dissertation is a requirement for any student who wants to obtain their Master's degree. The Master's dissertation is an original piece of research. Its aim is to develop and strengthen the students' research skills. Students select a topic and receive guidance from a supervisor. The Master's dissertation consists of a literature review, practical research, and an original analysis of the chosen topic.

LABOUR MARKET

This Master's programme is not labour market oriented; it is an excellent preparation for students who want to start a research project (PhD) in the field of linguistics.
