

PREPARATORY COURSE MASTER OF SCIENCE IN BUSINESS ENGINEERING

LANGUAGE: ENGLISH

WHAT

In the preparatory programme students are trained in quantitative and engineering skills. Where the preparatory programme in Business Engineering mainly lays the (quantitative) foundation, the master programme studies different subdisciplines of business analytics and business processes in a more applied manner.

STRUCTURE

This is a one-year programme. The content of the programme depends on the student's previous education in the field of (business) economics or engineering. The curriculum committee will decide for each student what courses from the elective course list will be part of the preparatory programme.
