Position of the course

This course aims to strengthen students' proficiency in English in an academic context. It offers an introduction into a number of essential academic communicative skills and it aims to expand their knowledge of grammar and vocabulary. The course offers speaking and writing assignments at bachelor level (*for an academic English course which offers assignments at master level, please check the course description for A003107, Advanced Academic English*).

The interactive classes are organized in groups on a weekly basis. You can find out which group meets when and in which classroom by searching TimeEdit. Follow the steps below: Rooster 25-26 1/2SEM>Zoeken (add course code)>Toon rooster.

You need to register for a group through Oasis yourself. Check Time Edit to find out which group meets when and in which classroom. Follow the steps below: Rooster 25-26 1/2SEM>Zoeken (add course code)>Toon rooster.

You can enroll in this course until the end of week 2 (Friday evening). This means you have attended class in one of the groups. Therefore, you should submit your curriculum to your curriculum manager for approval

as soon as possible, preferably at least two weeks before the start of the semester.

Contents

The following 3 skills are central within an academic context:

- writing
- reading
- speaking

Also: structure, style, vocabulary (situate in discipline, research questions, results, discussion and conclusions), grammar, formulating research questions, citing, paraphrasing and plagiarism.

Students learn to use resources for academic English.

The course is independent of specific disciplines. The approach is multidisciplinary.

Initial competences

Level of English corresponds to competence at the end of secondary school in Flanders (intermediate - CEF: B1).

Final competences

- 1 The students can communicate effectively in English in an academic context (written and oral).
- 2 They have enhanced skills in reading and listening in academic English.
- 3 They are able to use tools to support their learning process in line with integrity (incl. responsible use of GenAI where relevant).

Conditions for credit contract

Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract

This course unit cannot be taken via an exam contract

Teaching methods

Seminar, Independent work

Extra information on the teaching methods

The interactive classes are prepared by students at their own pace in an individualized way through a flipped-classroom approach.

Class attendance is strongly recommended and mandatory in certain weeks as part of continuous assessment (please check the semester schedule in Ufora >Content>Table of Contents>Semester Schedule). We do not stream or record any classes.
