Teaching languages

Japanese, Dutch

Keywords

Modern Japanese

Position of the course

This advanced course wants to train the students in reading authentic texts in modern Japanese and to increase the speaking and listening skills. Students are taught how to converse with a native speaker on specialised themes.

Contents

Reading non-adapted texts (literature, newspapers, specialist literature, etc.) in modern Japanese with an increasing level of difficulty. The student must prepare each text beforehand. Every student must also read a set of reading matter on his own. Studying audio-visual material. In the practical lessons the student will write short essays and give short lectures in Japanese. Students will be drilled in the various levels of the honorific language. Also, contemporary societal topics such as gender, sustainability, and environment are addressed.

Initial competences

To have successfully completed the course Japanese V or to have acquired the necessary skills by other means.

Final competences

- 1 To have active knowledge of about 1400 Sino-Japanese characters, structures and specialised Japanese lexica.
- 2 To be able to interpret and translate specialised texts independently.
- 3 To be able to study a Japanese subject in a scientific manner by means of authentic modern Japanese sources.
- 4 To have a specialised vocabulary of modern Japanese (speak, read, write and understand).
- 5 To be able to have conversations with a native speaker on specialised themes.
- 6 -To be able to read, interpret and translate all forms of written modern Japanese

(newspaper style, modern literature, professional literature etc) by means of different lexica.

Conditions for credit contract

Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract

This course unit cannot be taken via an exam contract

Teaching methods

Seminar, Lecture, Independent work

Extra information on the teaching methods

- Lectures: 2 hours of theory a week is provided. The teaching of the theory (vocabulary, grammar) is done by the lecturer.
- Seminars: 4 hours of class exercises a week are provided. These exercises are presented by co-lecturers and deal with practicing and applying the theory under guidance. The students are trained in speaking, listening, reading and writing skills. Basic dialogues and simple conversations are trained by means of a role play.
- Independent work: the students also receive a portfolio that has to be made individually. A test on grammar and writing will be held after every chapter.
