### Teaching languages

Dutch

### Keywords

Archaeology, history, methodology

### Position of the course

This basic course is part of a series Methodology. The course intends to give a general overview of methods and theories in European archaeology.

### Contents

General overview of different aspects of archaeology as discipline. Amongst others, history of archaeology, archaeological theories, taphonomic processes, relative dating, etc.

### Initial competences

Accessible to all students, without specific previous knowledge

### Final competences

- 1 To have critical insight into the evolution of archaeology as a science.
- 2 To have knowledge of the large movements that define archaeology.
- 3 To recognise the taxonomic processes archaeology deals with.
- 4 To be able to apply different relative dating techniques (typology, seriation, stratigraphy,...)
- 5 To have a first critical insight in the role of archaeology as an actor in the society of today (ethics, management, archaeology and politics)

### Conditions for credit contract

Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

### Conditions for exam contract

Access to this course unit via an exam contract is unrestricted

### Teaching methods

Lecture, Independent work

### Extra information on the teaching methods

Lectures with PowerPoint. Guided self-study: mandatory literature.

This course unit assumes responsible use of generative artificial intelligence (GAI). Unpublished data should never be entered into GAI tools. The applicable guidelines from Academic Skills are respected throughout the course.

### **Study material**

Type: Handbook

Name: Archaeology Theories, Methods and Practice  
Indicative price: € 50  
Optional: no  
Language : English  
Author : Renfrew and Bahn

Type: Syllabus

Name: syllabus  
Indicative price: Free or paid by faculty  
Optional: no  
Available on Ufora : Yes

Type: Slides

Name: powerpoint presentation per course/chapter  
Indicative price: Free or paid by faculty  
Optional: no  
Available on Ufora : Yes

### **References**

Renfrew C., Bahn P., 2012. Archaeology: Theory, Methods, and Practice, London: Thames and Hudson (sixth edition).

### **Course content-related study coaching**

Weekly visiting hours and via Ufora.

### **Assessment moments**

end-of-term assessment

### **Examination methods in case of periodic assessment during the first examination period**

Written assessment with open-ended questions

### **Examination methods in case of periodic assessment during the second examination period**

Written assessment with open-ended questions

### **Examination methods in case of permanent assessment**

### **Possibilities of retake in case of permanent assessment**

not applicable

### **Extra information on the examination methods**

100% periodical. Final written examination. More insight than encyclopedic knowledge

### **Calculation of the examination mark**

100% periodical

### **Facilities for Working Students**

Facilities:

- 1 Possible exemption from educational activities requiring student attendance
- 2 Feedback can be given by email.
- 3 It is possible to take the exam at a different time within the regular exam period
