Position of the course

Elaboration on Lingála I

Contents

The grammatical, lexical, and conversational knowledge of Lingala is deepened and brought to a second level of language knowledge.

Initial competences

The student has successfully completed Lingála I.

Note: The four Lingala courses (I through IV) must be taken consecutively. That is, students must take Lingala II in the academic year and semester immediately following Lingala I, Lingala III in the semester immediately following Lingala II, and Lingala IV in the academic year and semester immediately following Lingala III. In other words, there can be no gap between successive language levels. This applies both to UGent pathway students and to students who choose the Afrikasemester. During a transition period, exceptions may be requested individually from the professor responsible for the course.

Final competences

The student has acquired a more advanced knowledge of the lexicon, phonology, morphology, syntax, and idiomaticity of Lingála as compared to the course Lingála I.

Conditions for credit contract

Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract

This course unit cannot be taken via an exam contract

Examination methods in case of periodic assessment during the second examination period

Written assessment

Examination methods in case of permanent assessment

Oral assessment, Written assessment

Possibilities of retake in case of permanent assessment

examination during the second examination period is not possible

Calculation of the examination mark

The final score is calculated as the total of three exam parts:

A- 20% non-periodical, compulsory written repetition test at the beginning of the semester

B- 20% non-periodical: written and oral exercises during the 12 weeks of classes

C- 60% period-specific exam: written exam in the regular exam period

Exam Part A cannot be retaken in resit session: the grade obtained is therefore carried over to the resit session.

Exam Part B cannot be retaken in the resit session: i.e. the marks obtained are transferred to the resit session.

Exam Part C can be retaken in the resit session; therefore, there is no transfer.

If a student does not participate in one of the three examination parts, they cannot pass the entire course unit. If the final score would still be a grade of ten or more out of twenty, it will be reduced to the highest unsuccessful grade (9/20).

If a student fails Examination Part B or fails Examination Part C, they cannot pass the entirety of the course unit. If the final score would still be a grade of ten or

more out of twenty, it will be reduced to the highest unsuccessful grade (9/20).
