gender history, history of the body, history of sexuality

Position of the course

Contents

Introductory course, whose goal is to teach the use of gender as an analytic category in historical research. Students acquire an understanding of the importance of gender in history and historiography on the basis of specific cases from different historical eras.

Initial competences

No specific prior knowledge required

Final competences

- 1 Having basic knowledge of models from the social and historical sciences that are useful for gender history.
- 2 Approaching a historical problem from a gender perspective.
- 3 Assessing gender-related social issues and contemporary attitudes from a critical and historical perspective
- 4 Demonstrating gender sensitivity, reflectiveness on continuity, and change in a long-term perspective on gender relations.

5 Having an understanding of the relationship between humanities and social sciences

Conditions for credit contract

Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract

Access to this course unit via an exam contract is unrestricted
