### Extra information on the examination methods

**Participation (10%):** Active engagement in seminars is required. Students are expected to contribute to discussions, answer questions, and prepare for seminars by reading short assigned texts.

**Assignments (50%):** Students complete a series of written assignments through the semester and submit a final project.

**Written exam (40%):** The final written exam will consist of questions on topics dealt with in class.

**Calculation of the examination mark**

Your final grade will be based on participation during seminars (10%), written assignments (50%), and written exam (40%).

If a student is absent without a valid reason or does not participate in (any part of) the assessment (assignments and exam), they will not pass and, even if their total score exceeds 9/20, will receive a final score of no more than 8/20.

A passing score for the permanent evaluation can be carried over to the second examination period.

**Facilities for Working Students**

1. Possible exemption from educational activities requiring student attendance; a task is imposed in substitution after discussion with the lecturer
2. Possible rescheduling of the examination to a different time in the same academic year
3. Feedback can be given during an appointment during and after office hours
