Teaching languages

Dutch

Keywords

Literatures; Africa

Position of the course

Acquiring a basic knowledge of African literary history, the most important forms and genres, and examples of African literatures.

Contents

This course forms an introduction into African literatures. This includes oral as well as written literatures, and furthermore attention will be given to literary forms expressed in the new media. The course will include various textual and audiovisual examples so as to arrive at a broad and diverse notion while at the same time emphasizing the intertextual relations of African literatures.

Initial competences

No specific prerequisites.

Final competences

The student acquires a profound insight into the literatures of Africa. This understanding includes the most important literary genres, literary history, the literary debates, and examples from African oral literatures, written literatures, and expressive forms in the new media.

Conditions for credit contract

Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract

Access to this course unit via an exam contract is unrestricted
