Classical Japanese (*bungo*), Japanese language

Position of the course

This course is the third of four subsequent courses (Bungo II, III, IV, and V) that form an integral whole and introduce you in 16 exercises in total into the most significant grammatical phenomena and structures that distinguish *bungo* (so-called “classical Japanese”) from the spoken language or *kōgo* (so-called “modern Japanese”; on the distinction of the two, please, consult the section "Position of the course" for the course "Bungo I").
Here, you will make the acquaintance of several *bungo*-specific auxiliary verbal suffixes and other grammatical issues. By means of extensive practical exercises you will learn to analyze and understand grammatically more complex *bungo* texts and text fragments from ancient times to the modern period.
These texts will also provide us again with plenty of opportunities to explore the social, cultural and intellectual history of Japan and to expand your Japanological expertise and repertoire.

Contents

In the four exercises of the course Bungo IV (exrcises 9-12), you will encounter the perfective *jodōshi* “*ri*” and “*tari*” (exercise 9), become familiar with the *jodōshi* of epic past, “*keri*”, and face a grammatical tribulation called the “*kakari musubi*-rule” (exercise 10). You will stumble repeatedly over the confusing conjunctive particle “*de*” (exercise 11), and eventually you will learn to handle the polysemous *jodōshi* “*beshi*” (exercise 12).
You will enjoy canonical and exotic ancient and modern poetry including the Japanese version of the socialist Internationale, or a rare translation of Goethe’s Song of Mignon. Yet, our accumulating grammatical knowledge will also allow us to read our first longer passages from prose texts in classical and modern *bungo*, from the notorious *Taketori monogatari to* the first lines of Mori Ōgai’s sublime novel, *Maihime*, or a passage taken from a modern law book.
In a nutshell: in Bungo IV too we will not only further enhance our grammatical skills and insights, but also embark again on a convoluted journey through the cultural, political and intellectual history of Japan, and through all kinds of manifestations and varieties of *bungo*.
