Extra information on the examination methods

Periodical evaluation (60%):

exam at the end of the second semester. The exam consists of:

- a written part (grammar, reading, listening and writing skills);
- an oral part.

Non-periodical evaluation (40%):

the student's progress is regularly monitored through interim tests, tasks and assignments. The monitoring is organised within 3 skills clusters: grammar, reading and listening / speaking / writing.

If the student has missed a written or oral assessment moment because of demonstrable, substantial reasons (e.g. illness), he/she will be offered the possibility of retake afterwards. If there were no demonstrable, substantial reasons, this possibility is excluded.

Calculation of the examination mark

The student needs to pass each of the three skills clusters, non-periodical and periodical evaluation taken together:

- skills cluster 1: grammar (12% non-periodical and 20% periodical written exam);
- skills cluster 2: reading and writing skills (14% non-periodical and 20% periodical written exam);
- skills cluster 3: listening and speaking skills (14% non-periodical and 20% periodical written and oral exam).

The successful scores for permanent evaluation will be transferred to the second examination period. If a student does not participate in the evaluation of or receives less than 10/20 for one of the parts, she/he can no longer pass the entire course. If the average final score is a grade of ten or more out of twenty, this will be reduced to the highest unsuccessful grade (9/20)
