Extra information on the examination methods

The assessment of this course unit takes place in two clusters:

- Skill cluster 1 evaluates theoretical language skills (grammar).
- Skill cluster 2 evaluates applied language skills: reading, writing, listening and speaking.

End-of-term assessment consists of a written and an oral exam. The written part tests knowledge of grammar (cluster 1) and listening, reading and writing skills (cluster 2). The oral exam tests speaking skills (cluster 2).

Continuous assessment consists of a limited number of test moments in which grammar and applied language skills are tested. In addition, as part of cluster 2 students carry out an individual assignment on current topics.

Calculation of the examination mark

To pass the course unit, the student must pass each cluster separately, continuous and end-of-term assessment combined:

- Skill cluster 1: 30% of the final grade (10% continuous assessment and 20% end-of-term assessment).
- Skill cluster 2: 70% of the final grade (20% continuous assessment and 50% end-of-term assessment).

In case the student does not obtain a passing grade for one of both clusters and yet the average final score is a grade of ten or more out of twenty, this will be reduced to the highest non-passable grade (8/20). The resit only concerns the cluster(s) for which the student did not obtain a passing grade (transfer of results for passed cluster). For an unsuccessful cluster, passing partial grades can be carried over to the resit. Continuous assessment is replaced by additional exercises during the written and/or oral examination.

Facilities for Working Students

1. Class attendance is mandatory for the continuous assessment and further recommended to successfully complete the course.
2. No online/digital facilities.
3. It is possible to take the exam at a different time within the regular exam period.
4. Possibility to receive feedback at another time: by appointment.
