

independently consult relevant background literature. This research project contributes 50% to the final grade.

The necessary techniques for academic writing and speaking will be rehearsed and advanced. There is a tutorial (7.5 hours) in addition to the course, where special attention is paid to this.

Initial competences

To have completed all prior compulsory courses in German Linguistics and German Language Proficiency or to have acquired the necessary skills by other means.

Final competences

- 1 To have gained an insight into the major variation patterns of present-day German.
- 2 To be able to interpret these variation patterns from a sociolinguistic and historical perspective (broadly defined), and to appreciate the relevant methodological approaches and issues.
- 3 To formulate a research question.
- 4 To be able to adequately handle the relevant linguistic literature and self-collected research data in a poster presentation.
- 5 Use academic German proficiently at an advanced level.
- 6 Listening / understanding skills (in the context of the research project)

Conditions for credit contract

Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract

This course unit cannot be taken via an exam contract

Assessment moments

end-of-term and continuous assessment

Examination methods in case of periodic assessment during the first examination period

Written assessment

Examination methods in case of periodic assessment during the second examination period

Written assessment

Examination methods in case of permanent assessment

Participation, Presentation, Written assessment

Possibilities of retake in case of permanent assessment

examination during the second examination period is possible

Extra information on the examination methods

Assessment moment

Post-sessional (50%) and in-sessional (50%)

Assessment form

- Post-sessional: written exam
- In-sessional: research project incl. poster presentation, participation

The students must participate in both parts of the evaluation to be able to pass.

Calculation of the examination mark

50 % written exam

50 % participation

Important:

If the student does not pass the in-sessional assessment, a second opportunity is offered through a compensatory activity between the first and second exam periods.

If the student does not participate in the in-sessional OR postsessional evaluation, or has less than 10/20 for one of the evaluations, they can no longer pass the course as a whole. In case the average of the final score is equal to or higher than 10/20, the average is reduced to the highest non-passing grade (=9).

Facilities for Working Students

1. Possible exemption from educational activities requiring student attendance
2. Possible rescheduling of the examination to a different time in the same academic year
3. Alternative time for feedback is possible
