Position of the course

Because no prior knowledge of Turkish is required, the course "Turkish: Language Proficiency I" is for most students an introduction to the Turkish language.

The course has the following objectives:

- building a basic vocabulary of about 700 words;
- learning to apply the basic grammatical and phonetic rules;
- acquiring basic speaking and listening skills;
- acquiring basic writing and reading skills.

Contents

During each session of "Turkish: Language Proficiency I" a new theme or a new speaking situation is presented and the students are given the relevant vocabulary and grammar. This is based on culturally relevant dialogues. Besides exercises which combine the lexical and/or grammatical aspect with the communicative aspect, also short compositions are written.
