Position of the course

This study unit is meant for Italian-speaking students who want to deepen their knowledge and ability within the field of English to Italian translation. The students learn how to translate English texts over different issues into Italian. Priority will be given to essay texts.

Contents

In the study unit "Translation: English-Italian" (XTEI) students translate English texts into Italian, and learn how to revise and proofread these translations. The lessons discuss possibilities and limitations of using artificial intelligence.

Initial competences

Level of Italian: C2 or native speaker, and C1-level of English.

Final competences

- 1 Having an understanding of the problems encountered in the translation of English texts into Italian, with special attention for lexical, grammatical and stylistic phenomena and specific culture-related phenomena.
- 2 Having knowledge of relevant dictionaries, reference works and electronic aids, using them adequately and efficiently, and critically evaluating them.
- 3 Having knowledge and understanding of text production and translation processes.
- 4 Having knowledge and understanding of the cultural and institutional context of the language areas concerned and of the intercultural relations and differences, and applying these to the translation and production of written texts.
- 5 Recognising and interpreting the register, the nature and pragmatic characteristics of English texts.
