Position of the course

The study unit " Turkish: Language skills" (T4TA) builds on the knowledge acquired in the third bachelor year. The goal is to improve the students' proficiency in Turkish within specific themes and use it in oral and written translation from Turkish into Dutch and from Dutch into Turkish as well as in oral and written text production in Turkish.

Contents

The unit " Turkish: Language skills" (T4TA) has a thematic structure. Students' vocabulary is extended to specific terminology and idiomatic constructions pertaining to such fields as family law (birth, marriage and divorce) and integration. Typical authentic documents from these fields are studied.

Initial competences

The student:

- is able to produce Turkish texts of more than average difficulty, as found in some professional contexts

- is able to express him/ herself in fluent Turkish in a number of professional contexts
- can make adequate and critical use of heuristic resources for the above-mentioned tasks

Final competences

- 1 Having a command of Turkish at C1 level of the Common European Framework of Reference for Languages for comprehension (listening and reading), oral skills (production and interaction) and writing skills. [MC.1.1., MT.1.1; MV.1.1.; assessed]
- 2 Translating (from sight/consecutively or whispered) orally and accurately, written and spoken texts from a variety of professional environments in a context of dialogue interpreting (in social contexts/courts of law/business) from Turkish into Dutch and vice versa. [MT.6.1.; assessed]
- 3 Translating general and specialised documents into Dutch from Turkish (and vice versa). [MV.6.1.; assessed]
- 4 In the communication process, the interpreting process and the translation process, making adequate use of an advanced degree of contrasting linguistic expertise at different levels (lexically, grammatically, textually, pragmatically). [MC.6.4., MT.6.2., MV.6.2.; assessed]
- 5 During the communication process, the interpreting process and the translation process, making use of traditional and electronic resources, as well as specific technological tools. [MC.6.6., MT.6.6., MV.6.4.; assessed]
