Position of the course

The main objective of the course unit "Spanish: translation into the foreign language" (S4VV) is to deepen the knowledge and skills required in translation into the foreign language. Students deepen their acquisition of the Spanish language at C1 level, paying particular attention to idiomatic expressions and sentence structures, and the use of metaphorical expressions in Spanish. Students are additionally introduced to post-editing in Spanish.

Contents

Students learn to translate different types of texts accurately and appropriately into Spanish. Students learn to deal critically with sources and information on relevant topics. They revise automatic translations and learn to identify the aspects they need to pay special attention to in post-editing assignments.

Initial competences
