Russian, oral and written communication

Position of the course

The course unit aims to train students to adequately apply specific communication techniques which businesses and organizations mainly use for their internal communication and communication techniques which they often use for their public communication. As such, the study unit has a dual purpose: to teach and perfect skills that are mainly used in the internal and public communication of businesses and organizations in general and those skills in the foreign language in particular.

Contents

Starting from a concrete setting, the study unit "Russian: Language, Business and Media" (R4BM) focuses on a number of communicative tools frequently used in internal and external communication of companies and organizations. On the basis of practical assignments which are concomitant with the concrete setting, these tools are taught and put into practice. The course unit is conceptualized as a coherent communication project which integrates various spoken and written communicative skills. Communicative skills that may be dealt with include meetings, negotiations, strategic correspondence etc.
