  - Exercises
- Permanent evaluation:
  - SQL database querying

## Calculation of the examination mark

First and second exam period:

Periodic evaluation: 65%; permanent evaluation: 35%.

The end score is the weighted mean of the periodic and non-periodic evaluation. Students can only pass this course if they obtain a minimum score of 10/20 for both parts of the evaluation.

If students obtain less than 10/20 for at least one of the parts, the following rules apply:

- If one obtains an 8/20 or 9/20 for at least one part of the evaluation, one cannot pass the whole of the course. If the final score would nevertheless be a mark of 10 or more out of 20, this will be reduced to the highest unsuccessful mark, namely 9/20.
- If one obtains less than 8/20 for at least one part of the evaluation, one cannot pass the whole of the course. If the final score would nevertheless be a figure of 8 or more out of 20, this will be reduced to the highest non-deliberable mark, namely 7/20.

For a score of 10/20 or more on one of the parts, there is a mark transfer to the second exam period.
