**Teaching languages**

English

**Keywords**

Strategic management, general management, business policy

**Position of the course**

This course will be taught in a 7 weeks time frame (module 1: week 1 – 7).

Each student team works on one challenging business case offered by a company.

**Contents**

The deliverables of the strategic business case are inter alia:

Part 1:

Map the company's business model according to the taught methodology.

Part 2:

Elaborate a specific strategic business case of this company.

**Initial competences**

Knowledge of and insight into both the main functional management domains (sales and marketing, production and logistics, HR, finance) and the overarching strategic management function.

**Final competences**

1 Based on theories, frameworks and tools of strategic management elaborate the business case.

2 To map the business model of a company with special attention for the stakeholder value

creation.

3 To quickly acquire knowledge of and insight in a sector where the business case is situated.

4 To report in a professional way, both in written and orally, about the business case.

5 To analyse a complex strategic business case correctly.

#### **Conditions for credit contract**
