Teaching languages

Dutch

Keywords

European integration process, sources of EU Law, EU institutions, decision-making, judicial protection, Internal Market, competition law

Position of the course

This course provides a basic overview of the development, characteristics, functioning and activities of the EU. It is especially designed for students without a prior knowledge on EU law.

Contents

After an overview of the principal sources of EU law, the main EU institutions (European Council, Council, Commission, European Parliament, Court of Justice) and the EU decision-making process are discussed. An overview of substantive EU law (internal market and competition law) is provided. In this course, judicial protection is examined by means of an analysis of the leading judgments of the Court of Justice and the General Court

Initial competences

no prior knowledge of EU law required

Final competences

- 1 evaluating the evolution of the European integration process from a legal perspective.
- 2 understanding the basic principles of the relationship between EU law and the national legal order of the Member States.
- 3 understanding EU law terminology and sources.
- 4 commenting the EU decision-making procedures.
- 5 discussing the different procedures before the Court of Justice and the General Court.
- 6 identifying, searching and using the sources of EU law.
- 7 critically discussing the basic judgments of the Court of Justice.
- 8 critically discussing and evaluating recent developments in EU law.

Conditions for credit contract

Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract

Access to this course unit via an exam contract is unrestricted

Teaching methods

Guided self-study, lecture, online lecture

Extra information on the teaching methods
