Keywords

Marketing analysis; marketing strategy; segmentation, targeting and positioning; marketing mix; evaluating the marketing activities

Position of the course

The objective of this course is to establish a first and thorough acquaintance with the different aspects of marketing management. Attention will be paid to strategic as well as tactical aspects: which strategies can a company follow, and how can this strategy be translated in the right products and services, the right communication, the right price and the right distribution to excel on attractive markets? In addition, attention will be paid to conducting a thorough marketing analysis which is essential to make the right strategic and tactical choices.

Contents

- The marketing process and marketing management concepts
- Marketing analysis
- Organization and marketing strategy
- Market segmentation, targeting and positioning
- Product and brand management
- Price management
- Distribution management
- Marketing communications
- Evaluating the marketing activities

Initial competences

None

Final competences

- 1 Have a profound insight and knowledge of marketing theories, models and frameworks
- 2 Use marketing knowledge to critically analyze and evaluate complex marketing problems
- 3 Have an insight in the evolution and dynamics of the marketing domain
- 4 Translate a marketing strategy into professional commercial policy
- 5 Formulate a personal point of view and provide recommendations for complex marketing problems
- 6 Evaluate the societal and ethical consequences of marketing decisions.

Conditions for credit contract

Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract

Access to this course unit via an exam contract is unrestricted

Teaching methods

Seminar, Lecture, Independent work

Extra information on the teaching methods

The instructor provides presentations in which concepts and illustrations complement each other on the various parts of the course. In addition, various case studies are individually prepared and then discussed in class afterwards. The instructor places great emphasis on the structure and coherence of the material. Expert presentations from the business world are also provided as a supplement. They test the concepts against reality.

Study material

Type: Handbook

Name: Marketing: The Fundamentals

Indicative price: € 30

Optional: yes

Language : English

Author : Sara Leroi-Werelds, Katrien Verleye, Arne De Keyzer, Maggie Geuens, Klaas Verbeken, Bart Larivière

ISBN : 978-9-46467-450-7

Alternative : Philip Kotler en Gary Armstrong (2023). Marketing, de essentie (15e editie), Pearson Education Nederland, ISBN 9789043036528 (55 euro)

Online Available : Yes

Usability and Lifetime within the Course Unit : regularly

Usability and Lifetime within the Study Programme : one-time

Usability and Lifetime after the Study Programme : occasionally

Additional information: Frequency of use depends from student to student. The book is not mandatory. Someone who takes enough note during class and can study well based only on slides does not need the book. Other students do find it useful to be able to read full text in a book. Also use of the book afterwards, depends on the nature of the free electives, nature of the master's thesis and later career path.

Type: Slides

Name: powerpoint slides of every class

Indicative price: Free or paid by faculty

Optional: no

Language : Dutch

Available on Ufora : Yes

Type: Other

Name: Case studies

Indicative price: € 10

Optional: no

Available on Ufora : Yes

Course content-related study coaching

Handouts are available from every class session. An assistant and the professor are available for content related questions.

Assessment moments

end-of-term and continuous assessment

Examination methods in case of periodic assessment during the first examination period

Written assessment with multiple-choice questions, Written assessment with open-ended questions

Examination methods in case of periodic assessment during the second examination period

Written assessment with multiple-choice questions, Written assessment with open-ended questions

Examination methods in case of permanent assessment

Assignment

Possibilities of retake in case of permanent assessment

examination during the second examination period is possible

Extra information on the examination methods

Written exam consisting of a mix of open-ended and multiple choice questions. In case on-campus exams are not feasible, the exam can consist of multiple choice questions only.

Assignment refers to completing a learning path for each chapter consisting of reading, answering questions about, and/or reflecting about the chapter itself or an article, guest lecture or case study related to the respective chapter.

Calculation of the examination mark

The evaluation is based on the written exam during the exam period and completing the learning paths during the academic year. The grade on the completion of the learning paths counts for 2 points; the grade on the written exam for 18 of the 20 points. Completion of the learning paths is not compulsory.

Facilities for Working Students

Work students can contact the instructor in case the curriculum or case studies is/are unclear
