### Keywords

Strategic Human Resource Management, Human Resource Management, Personnel Management, Personnel & Organization, Sustainable HRM

#### Position of the course

Human Resource Management is viewed as a strategic and result oriented approach of the workforce, with a focus on sustainable results, wellbeing and societal impact. An integrative approach is used to make students familiar with theoretical and conceptual insights in Human Resource Management, based on a four dimensional model of HRM. We focus on the implementation of Human Resource Management in public and social profit organizations with the help of a case and a concrete project.

#### Contents

- Introduction: from a traditional personnel management towards a strategic Human Resource Management within the framework of a four dimensional model of Human Resource Management
- Instrumental dimension: Human Resource Management as an administrative and juridical expert, implementing the necessary transactions, procedures and service delivery with a focus on HRM information System and electronic HRM.
- People dimension: Human Resource Management as people manager, focusing on working conditions, internal communication, motivation and leadership

(Approved) 1

- Strategic dimension: a strategic and performance based approach of Human Resource Management, focused on a sustainable and added value oriented approach of employee and organization
- Organizational dimension: facilitating organizational structures and cultures to support employees and organizations to achieve high and sustainable performances
- Conclusion: an integrated and performant Human Resource Management with the help of a consistent four dimensional model of Human Resource Management

#### Initial competences

- Psychological and sociological insights to understand the functioning of employees in an organization
- Insights into management theories and Human Resource Management as a functional domain in the organization
- · Insight in general management
- · Economic insights

#### Final competences

- 1 Insight in multidimensional thinking in strategic Human Resource Management
- 2 Insight in the added value model of Human Resource Management
- 3 Being able to use HRM theories and concepts of strategic Human Resource Management, based on group work.
- 4 Applying of strategic Human Resource Management in the social profit and public sector
- 5 Able to situate an actual HRM topic in the framework of the four dimensional model of HRM.
