Credits 3.0 **Study time 90 h**

Course offerings and teaching methods in academic year 2025-2026

A (semester 2) Dutch Gent lecture

Lecturers in academic year 2025-2026

Verstraeten, Julie EB23 lecturer-in-charge

Offered in the following programmes in 2025-2026

[Bachelor of Science in Business Administration](#) **crdts** **offering**
3 A

Teaching languages

Dutch

Keywords

Retail, Distribution, Marketing, Strategic decision-making

Position of the course

In this basic course students will acquire insight on the basic concepts and strategies in Retail, and develop insight in the decision-making and processes of nowadays retailers. We will look into both the higher level decision-making retailers face as well as the (lower level) decisions they make regarding, for instance, the processes in their stores. We will also pay attention to the most recent trends in Retail and look at both national and international examples.

Contents

- (1) Retail Functions & Strategy [STP] in Retail
- (2) Retail Cycles & Store Formats
- (3) Buying & Distribution Decisions in Retail
- (4) Logistics in Retail
- (5) Sustainability in Retail
- (6) Data in Retail
- (7) Retail Marketing Mix
 - Store Location
 - Category Management [Managing Assortment]
 - Pricing
 - In-Store Decision-making

Initial competences

Basis knowledge on 'Marketing Management' is recommended.

Final competences

- 1 Knowledge on the terminology and on the processes (e.g., Buying, Logistics) in Retail
- 2 Understanding the different strategies in Retail
- 3 Insight in the Retail Marketing Mix (i.e., Product, Place, Price, Promotion decisions in Retail)
- 4 Being able to reflect on both the higher and lower level decisions nowadays retailers face, and how these decisions (including the chosen strategy) impact one another
- 5 Being able to think strategically on Retail Management decisions and practices
- 6 Knowledge on the trends in Retail

Assessment moments

end-of-term assessment

Examination methods in case of periodic assessment during the first examination period

Written assessment with multiple-choice questions, Written assessment with open-ended questions

Examination methods in case of periodic assessment during the second examination period

Written assessment with multiple-choice questions, Written assessment with open-ended questions

Examination methods in case of permanent assessment

Possibilities of retake in case of permanent assessment

not applicable

Extra information on the examination methods

Written exam with multiple choice and open questions.

Higher cut-off points are used for the multiple choice questions; the student must therefore answer more than half of the multiple-choice questions correctly in order to obtain 50% of the points on this part of the exam.

Calculation of the examination mark

To determine the end score, the score obtained on the open-ended questions is added to the score obtained on the multiple-choice questions.

Facilities for Working Students

Working students can ask questions about the course materials on appointment.
