Keywords

Foreign language acquisition, four skills, CEFR, curricula, lesson objectives

Position of the course

This course contributes to the realization of the final competences in preparation of the specific teacher training program, based on the basic teacher competences determined by decree and the specific curriculum objectives. The degree of mastery is specified in the competence matrix which can be consulted on www.ugent.be/educatievemaster

Contents

In this course unit the following theoretical subjects will be discussed:

- the Common European Framework (CEFR)
- curricula
- objectives
- various educational institutions
- the four skills: reading, listening, speaking, writing
- didactic methods in foreign language education

During the seminar, students are introduced to the following subjects:

- working with curricula of various educational institutions
- formulate lesson objectives
- observational skills
- reflect on the own teaching practice
- designing exercises based on criteria of good reading, listening, speaking and writing exercises

Initial competences

Students have taken the courses in the first and second year of the standard learning track.

Students are advised - because of the coordination as regards content between the Introduction to Teaching Methodology and the Reference Internship - to take those two courses simultaneously.

Final competences

- 1 Students know the CEFR.
- 2 Students know the basic principles for the teaching of the four skills (reading, listening, writing, speaking).
- 3 Students know which aspects should be taken into account while observing a lesson and can formulate what they learn from an observation.
- 4 Students can reflect on their own teaching practice.
- 5 Students are able to design, analyse and evaluate a basic lesson preparation.
- 6 Students make use of varied and appropriate didactic methods for teaching the four skills.

Conditions for credit contract

Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract

This course unit cannot be taken via an exam contract

Teaching methods

Group work, Seminar, Peer teaching

Extra information on the teaching methods

Interactive working methods during sessions. Students can be asked to prepare sessions (e.g. read a theoretical chapter) or to prepare assignments during the sessions (individual and group work).

Peer teaching; students give a short micro lesson with exercises on one or more of the four skills

This course assumes the responsible use of generative artificial intelligence (GAI).

During the course, what this means will be explained.
