Course content-related study coaching

Students can ask for clarification to the teacher, before and after each class, as well as by appointment

Sheets are before class available on Ufora.

Exercises to prepare will be communicated by Ufora. Students are expected to prepare for the exercises at home and to participate during class.

Solution manuals are provided on Ufora after the class.

Additional exercises are provided by an online learning system (Edumatic), with solution manual and feedback. Students are warmly recommended to make all these exercises during the semester.

Assessment moments

end-of-term assessment

Examination methods in case of periodic assessment during the first examination period

Written assessment with multiple-choice questions, Written assessment with open-ended questions

Examination methods in case of periodic assessment during the second examination period

Written assessment with multiple-choice questions, Written assessment with open-ended questions

Examination methods in case of permanent assessment

Possibilities of retake in case of permanent assessment

not applicable

Extra information on the examination methods

Written exam with multiple choice questions and open exercises. This exam addresses

terminology, specific journal entries (applied in new exercises) and questions testing whether students can make links and have an in-dept understanding of the financial statements.

Calculation of the examination mark

The exam consists of multiple choice questions and open exercises. No higher cut-off score is applied for the multiple choice questions. The emphasis is on exercises.

Facilities for Working Students

Online assessment exercises are available for everyone (including a solution key and feedback).
