#### Conditions for exam contract

This course unit cannot be taken via an exam contract

# Teaching methods

Excursion, Lecture, Self-reliant study activities

(Approved) 1

# Extra information on the teaching methods

- excercices en individual assignment: 6 hours
- · excursion: 6 hours
- · college: 24 hours

#### Learning materials and price

powerpointpresentation and course will be made available

#### References

# Course content-related study coaching

questions can be asked at any moment

#### Assessment moments

end-of-term assessment

# Examination methods in case of periodic assessment during the first examination period

Oral examination, Written examination with open questions

# Examination methods in case of periodic assessment during the second examination period

Oral examination, Written examination with multiple choice questions

#### Examination methods in case of permanent assessment

# Possibilities of retake in case of permanent assessment

not applicable

# Extra information on the examination methods

Theoretical examination with the possibility to have an oral defence

# Calculation of the examination mark

Theory: 80% Exercises: 20%

Students need to particiapte to all exams/assignments to succeed; for the aspects of permanent as well as non-permanent evaluation. The end assessment is a weighted average of the of the two subscores: 80% oral exam, 20% personal work (exercises). If a subscore is less than 8/20 (not rounded-off), it is not possible to pass this course. In this

case, if the weighted score is 10 or more, the final score will be 9/20.
