Keywords

European Union, policy, areas of EU policy

Position of the course

This course builds further on 'European Political Integration'. It aims to familiarize students with the different areas in which EU policy is developed.

Contents

In this course, an overview of the different EU policy areas is presented. It outlines the European Union policy-making, as well as the recent developments, within each area. The found developments are fit in a theoretical framework. Policy domains that are discussed in any case are:

- Common Agricultural Policy
- Single Market
- Social Policy
- Cultural Policy
- Environmental Policy
- External Policy (Trade and Development)

In consultation with the students, other items or areas of policy can be added to these.

Initial competences

Recommended: European Political Integration

Required: --

Final competences

- 1 - To be able to explain European policy in various policy areas.
- 2 - To be able to critically analyze and interpret the way in which European policy in various areas is established.
- 3 - To be able to point out and explain recent developments in EU policy.
- 4 - To be able to explain the developments in EU policy areas on the basis of theories related to European integration.
- 5 - To be able to assess the implications of political choices in policy areas.

Conditions for credit contract

Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract

Access to this course unit via an exam contract is unrestricted

Teaching methods

Lecture, Independent work
