Seminars, company visits

Situering

This is a course consisting of seminars given by different experts on aspects of marine micro-ecology, biotechnology, dredging, building with nature, maritime constructions, maritime energy production, etc... The specific topics vary yearly and are tailored to the interest of the student. Some aspects will be illustrated through site visits. The course also includes participation in the VLIZ Marine Science Day.

Inhoud

The seminars will be organised specific for this programme. The topics may change from year to year. All information concerning the principles, organisation, contact persons and subjects of the seminars and company/institute/research site visits will be announced by the responsible lecture.

Begincompetenties

Basic knowledge given during the 1st master

Eindcompetenties

- 1 Knowledge on current aspects of marine biotechnology, dredging, building with nature, maritime constructions, maritime energy production
- 2 Practical insights into the recent developments in the sustainable use of marine systems
- 3 Multi-disciplinary approach to multi-use applications at sea

Creditcontractvoorwaarde

Toelating tot dit opleidingsonderdeel via creditcontract is mogelijk mits gunstige beoordeling van de competenties

Examencontractvoorwaarde

Dit opleidingsonderdeel kan niet via examencontract gevolgd worden

Didactische werkvormen

Excursie, Zelfstandig werk, Peer teaching

Studiemateriaal

Geen

Referenties

Vakinhoudelijke studiebegeleiding

Oral presentations, discussions in groups (of different sizes), guided site visits, contact hours

for individual guidance upon request.

Evaluatiemomenten

periodegebonden en niet-periodegebonden evaluatie

Evaluatievormen bij periodegebonden evaluatie in de eerste examenperiode

Mondelinge evaluatie, Werkstuk

Evaluatievormen bij periodegebonden evaluatie in de tweede examenperiode

Evaluatievormen bij niet-periodegebonden evaluatie

Participatie, Werkstuk

Tweede examenkans in geval van niet-periodegebonden evaluatie

Niet van toepassing

Toelichtingen bij de evaluatievormen

- * End of term assessment: oral examination on content of the seminars and site visits through a prepared position paper.
- * Continuous assessment:
 - * self-study and participation in the discussions, excursions
 - * Making a scientific poster
 - * Microteaching

Eindscoreberekening

End of term assessment: 50%; continuous assessment: 50%; Students who eschew period aligned and/or non-period aligned evaluations for this course unit may be failed by the examiner.
