Onderwijstalen

Engels

Trefwoorden

Aquaculture, internship, training

Situering

This course covers a training period of minimum 4 weeks in a workplace, other than the educational institute where the student is, or has been registered or employed in the past, and domain-related to the educational program of the student.

Inhoud

The student will be engaged in every-day working activities at a level corresponding to their final degree. Upon completion of the internship, the student will write a report and the report will be defended for a jury. In the report, students will pay attention not only to the practical work they performed but also to managerial, economical and strategic aspects.

Begincompetenties

General biology, chemistry, biochemistry and basic knowledge on aquaculture

Eindcompetenties

- 1 The student is able to reflect critically on the experience gained.
- 2 The student is able to integrate and participate in the day-to-day-activities of the workplace.
- 3 The student is able to analyse the workplace and the activities it undertakes within its economical, managerial and strategic context.
- 4 The student is able to give a scientific account of the experience gained in the form of a presentation and a scientific report
