Trefwoorden

Situering

The master's thesis is prepared and written during the second half of the second year of study. It is the most important paper students write during the master's programme.

Inhoud

The Master's Thesis should be a substantial contribution to the current discussion of globalization. During the summer school, students propose a potential topic for their master's thesis, which will then be discussed with faculty members and students from the second year university.

For all useful information, please consult the Master's Dissertation regulations at: <https://www.ugent.be/ps/nl/voor-studenten/lessen/foer>

Begincompetenties

Proven knowledge of the different fields of Global Studies, which corresponds with the successful completion of the first year of the EMGS program.

Eindcompetenties

- 1 Conduct original research in the field of Global Studies
- 2 Be able to interpret the social relevance of the research questions and one's own research
- 3 Be able to communicate in a written form about one's own research, using correct academic language, clear structure, and correct academic form
- 4 Be able to present and discuss one's research orally, and to answer questions about it in a structured and clear way.
- 5 To position one's research and its results in the general scientific literature in the field of Global Studies.
- 6 Be critical concerning one's research, be able to point out lacks and make suggestions about further research.
